Ike Would Be Happy To Have Nixon On Ticket

By MARVIN L. ARROWSMITH
WASHINGTON (AP)—President Eisenhower said today he would be happy to have Vice President Nixon on any political ticket with him.

Eisenhower's statement at a news conference came close to a specific endorsement of Nixon for a second term, but he did not actually say at any point that he favors Nixon as his running mate.

With much emphasis, Eisenhower said no one should attempt, as he put it, to drive a wedge between Dick Nixon and himself. He said any move to divide him from Nixon would have just about as much chance for success as would an effort to drive a wedge between him and one of his brothers.

Friend of Nixon
Eisenhower said he and Nixon are very close, and he is very happy to have Nixon as his friend as an associate in the government.

Then he added firmly he would be happy to have Nixon on any political ticket on which he himself is a candidate.

At his previous two news conferences, Eisenhower also warmly praised Nixon, but on both occasions declined to say whether he would favor him as his running mate.

A week ago today, the President said he had asked Nixon to "chart out his own course" and tell him what he wants to do regarding his political future.

Eisenhower's remarks today regarding Nixon were touched off by a request for comment on the big write-in vote Nixon got yesterday in the New Hampshire preference primary.

Agree With Ike
Although his name did not appear on the ballot, the vice president's name was written in by more than 21,000 voters.

A newsman told Eisenhower the President's own victory in New Hampshire was taken for granted since he had no opposition. But what did Eisenhower think of the "rather large" write-in for Nixon.

The President replied with a smile that apparently a lot of people in New Hampshire agree with what he himself has had to say about Nixon.

Eisenhower then turned gravely serious and said he had one more thing to say about Nixon, and then he would say absolutely nothing more until the Republican national convention time next August.

It was at that point Eisenhower said no one should try to drive a wedge between him and Nixon, and that he would be happy to have Nixon with him on any political ticket.

If those words are not plain enough, the President said, then he has nothing to add.

Later in the news conference, a reporter asked Eisenhower whether he had understood the President's remarks regarding Nixon correctly—that Eisenhower would be happy to have Nixon on any political ticket with him.

Yes, the President shot back, that was just what he meant. He added he had said the same thing last week.

Nixon Told Of Stand
That apparently was a reference to his news conference statement a week ago that he had no quarrel.

Ike Plans Weekend Visit At Farm Here

The White House said Tuesday that President Eisenhower probably will spend the weekend at his farm here.

No departure date has been set, but the President is expected to leave sometime Friday.

IRRIGATION TO PLAY IMPORTANT ROLE ON FARMS

Irrigation will become as normal a part of farming in Adams County as fertilization and the county and state generally are at the same spot in irrigation now as they were in the use of fertilizer 30 or 40 years ago, Maurice Goddard, head of the Pennsylvania Department of Forests and Waters, told approximately 50 farmers and others at a water meeting at the Arendtsville Grade School Tuesday.

Tuesday's session made clear that there are innumerable questions on water still unanswered. Goddard said legal aspects of water use will occupy the Pennsylvania state legislature next year. A resolution passed by the House and Senate this year calls for the Joint State Government Commission to study laws pertaining to water rights and make recommendations at the next session of the legislature.

Says Ponds Hurt Streams
The state department head and Attorney Edward B. Bulleit, also a member of the panel for the discussion on water Tuesday night, were agreed that Pennsylvania has no particular laws pertaining to water rights other than the basic common law adopted from England when the colonies were founded.

Goddard and others said the state's interest in laws governing water has developed from such experiences as a mining operation that completely dried up a valley seven miles long and 2½ miles wide, and the growing realization that there are times in Pennsylvania in recent years when there was "just not enough water to go around for all uses."

John Bechtel, near East Berlin, said farm ponds appear to be drying up the Little Conewago during drought conditions. He queried whether the present trend toward more farm ponds, plus more interest in irrigation may so effect streams that a major problem can develop for persons downstream from the ponds.

Benefits Cited
Others held that the ponds would serve as reservoirs for water, preventing flood conditions in the spring, and from normal seepage of water through the bottoms of the ponds provide a more continuous flow into the streams.

General agreement was that no one knows just how ponds will operate until further experiments are made and more experience is gained.

Goddard pointed to the experience of the Delaware Valley last year. New York City secures water.

SOROPTIMISTS GIVE AGAIN TO DAY CARE CENTER

At the meeting of the Soroptimist Club at the YWCA Tuesday evening \$50 was voted to the current drive for funds for the Adams County Day Care Center in addition to \$100 previously given. The club is sponsor for the Center and is conducting the financial campaign with Miss Dorothy Poth as chairman. She reported that the campaign which ends on March 15 has \$750 to date with a goal of \$1,000.

Miss Martha Stallsmith, president, presided at the meeting with 26 members present. She read an invitation from the Soroptimist Club of York to attend a meeting of the combined women's service clubs on March 15 at the Yorktown Hotel there. The Soroptimist Club of Carlisle has invited the local club to attend their 10th birthday celebration on March 20 in the social rooms of the First Presbyterian Church in Carlisle. An invitation was also received from the Soroptimist Club of Hanover to attend their birthday dinner on April 25.

Mrs. Anna Bierer, hospitality chairman, reported on cards and flowers sent to members during the month and on gavel sent to six new clubs in the North Atlantic Region. Mrs. George W. Boehner, civic and welfare chairman, reported on the Junior Chamber of Commerce dinner which she and Mrs. C. T. Ziegler attended. Miss (Continued On Page 11)

72 IN 969 HAD PERFECT TEETH

Of the 969 boys and girls in Grades 1, 3, 7 and 11 who had dental examinations in the public and parochial schools here this year, only 72 had perfect teeth, it was disclosed today in a report by the Gettysburg school nurse, Miss Ellen R. Miller. Most of those with perfect teeth were six-year-olds, the report shows.

The 897 boys and girls with imperfect teeth had 2,034 permanent teeth that were decayed. They had 524 teeth pulled before the examinations and 204 others were found that required extraction. These same pupils had 1,833 filled permanent teeth. Miss Miller, said the total of decayed, missing or filled permanent teeth in the mouths of the 897 pupils was 4,445.

There were 120 boys and girls who were found in the examinations to have had all the necessary dental work done.

Miss Miller credited the "Perfect Tooth" program sponsored each year by the Gettysburg Rotary Club with resulting in "a vast improvement in the dental picture in our school children." She said the most notable improvement was in the elementary grades and added that "older boys and girls are more careless about cleanliness and about routine semi-annual trips to the dentist."

List Speaker For Travel Council Meet

James R. Yankauer, assistant director of the Vacation and Travel Development Bureau of Pennsylvania, will outline the program planned by his department to foster vacation travel at a meeting of officers, directors and committee chairmen of the Gettysburg Travel Council Thursday evening at 8 o'clock at the Travel Council offices in the Western Maryland Railroad station, Carlisle St. President D. V. Manning announced today.

CHARGED BY WIFE

Paul Richard Riley, Aspers R. 1, is in the Adams County jail on default of \$1,500 bail following charges of pointing a gun and firing it, surety of the peace and assault and battery brought by his wife, Mary A. Riley, before Justice of the Peace Robert P. Snyder. The date of the hearing has not been set. Riley was arrested Tuesday by Constable Fred Swisher. The offenses occurred Monday at 2 a.m., Mrs. Riley alleges.

CLUB MEETS MONDAY

The Band Boosters Club will meet Monday evening at 8 o'clock in the band room of the Gettysburg High School. Officers will be elected. An executive session will be held at 7:30 o'clock.

21,000 Write-In Voters Cast For Nixon In New Hampshire; Kefauver Crushes Stevenson

MANCHESTER, N.H., (AP)—Nearly complete returns today from New Hampshire's first-in-the-nation presidential primary election gave Vice President Nixon an astonishing 21,000 votes—all write-ins—and emphatically endorsed Sen. Estes Kefauver for the Democratic presidential nomination.

Nixon's name was not on the ballot, he did no campaigning, and there was no organized effort on his behalf.

The figure is all the more astonishing in light of the fact that Nixon's name was not on the ballot, he did no campaigning in New Hampshire, and no organized effort was made on his behalf.

It appeared to be the result of a spontaneous burst of public sentiment for the much-discussed vice president.

Kefauver Wins Delegates

In the presidential balloting, New Hampshire did this:

1. It gave Kefauver all 12 Democratic delegates, and their eight convention votes. He crushed a slate favoring Adlai E. Stevenson, who did not personally campaign in this primary, and was not even on the ballot.

Kefauver's preferential vote was 18,694 in 260 of 297 precincts. Stevenson had a total write-in of 3,419.

2. As expected, it elected 14 Re-

Several weeks ago we appealed to our readers for old or new decks of playing cards for the blind. The response was immediate and generous. More than 150 decks were received in a few days. Since our final appeal approximately 100 additional decks have been received. A week ago we shipped the last deck, we thought. Today, two more decks were received.

From William B. Hall Jr., 7522 Beverly Road, Philadelphia, 39, Pa., who is heading the campaign for playing cards for the blind, came the following letter of appreciation:

"Thank you very much for your interest and efforts in connection with collecting decks of used playing cards for the blind. So far, your initial contribution of over one hundred and fifty decks is tops among the collections. I have been making. These included campaigns put on by local neighborhood newspapers in the metropolitan Philadelphia area and which were similar too — (Continued on Page 10)

STUDENT HELD IN FATALITY

William E. Ervin Jr., a student at the Lutheran Theological Seminary, has been freed in \$1,000 bond on a technical charge of manslaughter as a result of a Sunday night highway fatality northwest of Reisterstown on Maryland Route 140.

Baltimore County Police confirmed that Ervin, Hagerstown, had been charged with manslaughter and reckless driving before Reisterstown Magistrate Paul Martin after his car struck and killed James B. Beaver, 48, of Westminster, at 11:10 p.m. Sunday.

Ervin told police that Beaver had run out onto the road in front of his car and he didn't see him in time to come to a stop.

Police said the charges against Ervin will be heard before Magistrate Martin on Thursday, March 22.

Ervin was en route to Gettysburg from Baltimore where he is a student assistant pastor.

Probation System To Be Discussed

The workings of the probation system in Adams County will be among matters discussed Thursday evening at a "community assembly" discussion on "Our Correctional Problems Are Yours Too!" to be held at the SCA auditorium, N. Washington St., at 7:30 o'clock under sponsorship of the Harrisburg Area Council of the Pennsylvania Association on Probation and Parole.

The public session will feature a panel headed by John Lawson, senior parole officer of the Pennsylvania Industrial School, Camp Hill, as moderator. Members will include Judge W. C. Shelly; Probation Officer D. M. Anderson; Miss M. Esther Bloss, of the sociology department of Gettysburg College; Rev. Robert Knechel, pastor of the local Church of the Brethren; Pfc. David K. James, of the local state police, and John R. Bierstein, supervisor of the Pennsylvania Board of Parole, Harrisburg.

Record Deeds In 3 Property Sales

Three property transfers have been recorded in the office of the register and recorder:

A. Dale and Lella M. Knouse and Ernest D. and Miriam K. Rebert, Menallen Twp., sold to Richard A. and Jean T. Slaybaugh, Menallen Twp., for \$5,500, a property in Menallen Twp. containing about 45 acres.

Ruth V. and Ralph E. Snyder, Hanover, sold to William W. Sterner, Hanover, for \$12,500 a property on Third St., Hanover.

Virginia C. and J. David Sentz, Mt. Pleasant Twp., sold to Robert E. and Daisy A. Stuffle, Carroll County, Md., for \$5,000 two properties in White Hall, Mt. Pleasant Twp.

DR. RALPH HEIM WILL TEACH AT NORTHWESTERN

Dr. Ralph R. Heim, professor of Christian education and English Bible in the local seminary, will leave Gettysburg in the early future for 15 weeks of teaching as a visiting professor in Northwestern University, Evanston, Ill.

Dr. Heim studied at Northwestern 30 years ago and was awarded his

DR. RALPH D. HEIM

Ph.D. degree there in 1929. His work will be in the Department of Christian Education headed by Dr. Frank McKibben. The two professors were fellow students in the graduate school at the university and received their degrees at the same commencement.

Dr. Heim will lead an advanced seminar on "Trends in Christian Education" during the spring quarter. He will also teach a course in his field of specialization, educational use of the Bible, in a summer term.

While in Evanston, Dr. Heim plans to do post-doctoral studies in psychology of education and sociology of education. This work will be done at George Williams College, near the University of Chicago, as well as in Chicago and Northwestern Universities.

EXCHANGE VOTES 3 DONATIONS

The Exchange Club of Gettysburg voted \$10 for 4-H work in Adams County Tuesday night at its regular meeting in Bankert's Restaurant. Donations were also made to the Red Cross and Cancer Society.

President John J. Slentz appointed Robert P. Snyder to represent the club on the general committee for the Gettysburg Sesquicentennial to be celebrated this year. President Slentz read a letter from the burgess requesting such action and also read a short history of Gettysburg sent with the letter.

Announces Drawing Policy

Slentz announced that winners of the hourly and grand prize drawings to be held at the Gettysburg Builders' Show sponsored by the club March 22, 23 and 24 will not have to be present at the drawing to receive their prizes. The names of all persons making donations to the club's charity fund will be entered for the drawing. Donation receipts are available from all Exchange Club members.

Following the meeting the club visited the exchange of the United Telephone Company. Miss Ann Bowling, chief operator, was the hostess and gave an hour demonstration and explanation on the operation of the exchange.

Six In Family Die Of Poisoning

NEW YORK (AP)—Six members of a family, three adults and three children, died today of gas poisoning while they slept in their basement Brooklyn apartment.

Police said a defective gas water heater was responsible for the deaths of the Puerto Rican family.

They identified the victims as Juan Gonzalez, 28, and his wife, Emma, 22; their children Juan Jr., 3 months, Mariam, 4 and Maria, 3 and Mrs. Maria Montalvo, 64, believed to be Mrs. Gonzalez's mother.

A seventh member of the family, Aida, 6, was taken alive to Cumberland Hospital for treatment.

HEALTH POSTER CONTEST ENDS ON THURSDAY

The Adams County Health poster contest will close Thursday and announcement of the prize winners will be made in 10 days, members of the committee in charge said today. The posters will be judged March 25 and winners of the six cash prizes will be announced the next day.

The winning county posters in each contest classification will be entered in the state contest.

Judges for the county contest are Ernest Krape, Richard D. Krick, Dr. John C. Menges, president of the Adams County Medical Society; Dr. James H. Allison, secretary-treasurer of the society; Mrs. Raymond F. Shelly and Mrs. Kenneth W. Ehrhart, members of the Medical Auxiliary.

After the judging all of the posters will be placed on display in the Gettysburg National Bank for the week of March 26.

To Judge In Two Groups

The posters are to illustrate some phase of preventive medicine or general health as related to the family doctor and may contain a health slogan or caption of not more than seven words. Awards will be made on this basis: Health message, 60 points; originality of design, 25 points, and neatness and general appearance, 15 points.

Posters entered in the contest will be judged in two groups, those from pupils in Grades 7 through 9 and those from Grades 10 through 12. Prizes for each group will be first, \$15; second, \$10, and third, \$5. The state prizes for the junior high grades are \$70 and \$35 for the two top posters and \$100 and \$50 for the senior high winners. State contest winners will be shown at the state convention and throughout the state.

Posters may be entered in the contest through art teachers in the schools. They will turn them over to auxiliary members.

CHOIR TO GIVE CONCERT

The choir of the Lutheran Theological Seminary will present a concert of sacred music in St. Paul's Lutheran Church, Jefferson, Md., tonight at 7:30 o'clock. The concert is another of the series of musical vespers sponsored by the pastor, Rev. J. Calvin Moreland.

ELECT DELEGATES

Easter Seals Net \$801 In Three Days

A total of \$801 was received by the Adams County Society for Crippled Children and Adults in the first three days of their annual sale of Easter Seals, it was announced today by Dr. Howard S. Fox, president of the society.

The seals, mailed to thousands of county organizations and individuals last week, supply funds with which the society operates throughout the year.

Waitress Used Arsenic To Kill Mother, 2 Hubbies, 3 Daughters

By REX THOMAS
MONTGOMERY, Ala. (AP)—

State's attorneys headed for court today with the strange tale of a middle-aged waitress who, they said, admitted slaying her mother, three small daughters and two of her five husbands with arsenic.

Plump, 49-year-old Mrs. Rhonda Bell Martin also told in a signed statement, said Circuit Solicitor William F. Theford, how she fed her husband poison to her present husband, who was once her stepson. He is still alive though paralyzed.

Arrested In Mobile

A preliminary hearing was scheduled in City Court today on the only formal charge drawn up thus far against the auburn-haired waitress—the killing of Claude Martin, her fourth husband, who died in 1951.

She is now married to Martin's 29-year-old son Ronald, who has been under treatment for nine months for arsenic poisoning.

It was Ronald's illness that led to the murder investigation.

City and state authorities arrested Mrs. Martin Friday in Mobile.

Vague On Motives

After three days of questioning, Theford announced yesterday that the bespectacled waitress had signed a statement admitting she

SCOUT WINDOWS JUDGED; LIST WINNERS TODAY

Gettysburg Girl Scout Troop No. 22, Brownie Scouts, and No. 21, Intermediate Scouts, are the District One first place winners in the Girl Scout Week window decorating contest. This year the scouts are celebrating the week March 11-17 in conjunction with the tenth anniversary of the Adams County Girl Scout Council and the 44th anniversary of the national organization.

Winners in District Three of the council are Brownie Troop No. 38, East Berlin, and Intermediate Troop No. 18, New Oxford. In District Two the winners are Brownie Troop No. 45, Littlestown, and Intermediate Troop No. 33, Fairfield. A first place award of \$3 will be given to each winning Brownie and Intermediate troop in each district.

Reproduce Camp Site

The winning Gettysburg Brownie Troop decorated Baker's Battery and Radio Service window with their handicraft. In the display was a cardboard replica of the new camp including a large red barn and Girl Scouts made of pipe cleaners in brown skirts standing at attention before the American flag.

Surrounding the camp are yellow-covered scrapbooks decorated with the Girl Scout insignia, the troop number and the girl's name. Their handicraft included Thanksgiving Day hospital favors, a Christmas hot dish mat gift, Valentine Day note paper and holder gift, Mother's Day "helping hand" plaque and Easter place cards.

Intermediate Troop No. 21 took first place in the Service Supply Co. window built around the theme "Believe, Belong, Build." To demonstrate "Fun At Happy Valley" the scouts displayed the American and troop flags, a cedar tree and oak leaves; a bed roll with a comic book, bar of candy and flashlight in it; sports equipment; camp fire and camp equipment.

Second Place Winners

Taking second place in the District One contest were Brownie Troop 50 and Intermediate Troop 36. The Brownies decorated Bk's Insurance office window under the theme "Conservation." In it is a tree wrapped in cotton with half-orange peel containers of bird seed. Cardboard birds of various colors are roosting in the tree or flying. Pine cones stuffed with suet are also on the tree.

The Intermediates decorated the window of The Gettysburg Times newsroom with theme "Our Tenth Celebration." Included are large red barn, two birthday cakes and American and troop flags. Other windows decorated in Gettysburg are: Dougherty and Hartley, Weikert's Barber Shop, MacDonald Co., Weishaar Bros., Varsity Barber Shop, Schmitt's Interior Decor

from the Delaware. The court decision permitting New York City to go into the Delaware also provided that it must return one gallon for each two that it removes from the river. To do that New York has set up impounding dams to capture water at flood time. Last year during the extreme drought about one-seventh of the water flowing down the Delaware was water released by New York City in accordance with its agreement.

Growers Lack Facts

Discussion of the success of the Brandywine Creek organization in which farmers, cities and industries pooled resources to utilize available water led Bechtel to query whether "we have reached the point where we can set up a Conewago organization to better utilize the available water in Adams County?"

William M. Lott, Gardner R. D., and Arthur Rice, Gettysburg, two fruit growers who have installed irrigation systems, reported their belief that the irrigation systems were of value to them, but said they have "no figures. We just don't know. There are so many intangibles. We need research which we cannot do ourselves. We don't know how much water to put on, or when to put it on or whether the return is sufficient to warrant the cost of installing ponds and equipment."

They reported larger fruit and more of it in sections of their orchards that were irrigated over the last two years.

Favors State Law

Cost of irrigation was estimated at somewhere between \$16 and \$30 per acre, but both said they had not been able to plot the exact cost of their operations.

Fred Robertson, extension agricultural economist, was moderator for the panel. Frank S. Zettie, Adams County farm agent, introduced the panel and presided at the meeting.

Goddard reported that Pennsylvania uses 11 billion gallons of water daily, more than any other state in the U. S., "more than 1,000 gallons of water per person per day."

As head of the state's water resources board, Stoddard said he favors passage of a bill now before the legislature providing for licensing of all well drillers and requiring them to report on wells they have dug. Stoddard said the law would "provide facts so we would know what our water resources are." The reports would show the location of wells, the depth to which they were drilled and their flow. "In 10 or 15 years we would have a vast amount of information which would show us something about our water levels and resources. It would give us some facts on which to work."

College Musicians Play For Kiwanians

A brass sextet from Gettysburg College under the direction of E. Douglas Danfelt entertained the members of the Gettysburg Kiwanis Club at their weekly dinner meeting Tuesday evening at the VFW home on E. Middle St. President Charles S. Graham presided at the meeting.

Professor Danfelt of the college music department, who is also director of the college band, spoke briefly on the operation of the recently-formed music department on the campus.

SCOUT WINDOWS

(Continued from Page 1)

Adams County Free Library, and John R. Korver, reporter for The Gettysburg Times.

District Two Winners

The winning Littlestown Brownies of District Two decorated the telephone building window using the theme "Believe, Belong, Build." The display has a large Brownie doll in the center with a ribbon leading to each of the dozen projects made during meetings this year, including favors for the County Home, Thanksgiving turkeys, cookie jars. There is also a collection of foreign dolls in display.

The Fairfield Intermediates used as their theme a poem entitled "The Bridge Builder" in the window of an empty store. The idea expressed is that Juliette Low, founder of Girl Scouting in America, was the bridge builder for future Girl Scouts. A Girl Scout in uniform sitting in a church pew represents "belonging." For "building" there is a Girl Scout in uniform and for "building" there is a cake with ten candles.

Winning second place in District Two were Brownie Troop No. 51, and Intermediate Troop No. 34, both of Littlestown. Other windows decorated are: Bream's Store, Cashtown; Redding's Barber Shop, Arter's Upholstery and Crouse Photo Shop, Littlestown. Judges for District Two were the Rev. Arthur Leeming, Hoffman Orphanage superintendent, Mrs. Cloy Crouse and Mrs. John Feaser.

District Three Results

The winning East Berlin Brownie Troop in District Three decorated Cashman's Hardware window with the theme "Believe, Belong, Build." Using the seven service days of Girl Scout Week, the Brownies used the following articles to represent the days: Girl Scout Sunday, a church; homemaking, Monday, stove; citizenship, Tuesday, the American flag; health and safety, Wednesday, basic foods and tooth brush; international friendship, Thursday, foreign dolls; arts and crafts, Friday, handicraft; and out-of-doors day, Saturday, camping equipment.

The New Oxford Intermediate Troop winner in District Three also used the theme "Believe, Belong, Build" in the Dress Shop window. Displaying the building of the Scout camp the girls attached ribbons from each word of the theme to its representative object, a church, a Girl Scout doll and the council camp.

Winners of second place were not announced. The judges were Mrs. Dale Strayer, New Oxford, supervisor of art at Biglerville and Arendtsville elementary schools; Mrs. C. H. Heldt, supervisor of art at the North Adams Jointure, and Mrs. H. W. Sternat, Biglerville. Other windows decorated are: Hartman's Store, Arendtsville; Hutton's Store and Bucher's Restaurant, Bendersville; Thomas Store and Klinefelter's, Biglerville; Lau's Drug Store and Moul's Clothing Store, East Berlin; Kiddies' Shop, Myers Hardware and Bob Donahue's Jewelry Store, New Oxford, and the Five and Ten York Springs.

CAR IS DAMAGED

State police are continuing their investigation of an accident Monday afternoon on the Lincoln Highway east of Abbotstown in which an East Berlin R. 3 car was damaged to the amount of \$75.

Trooper Jack Zelinski said an automobile being operated eastward by a woman believed from New York State made a left turn and failed to yield the right-of-way to the westbound car of Catherine W. Walker, 43, East Berlin R. 3. The out-of-state motorist stopped, but did not reveal her identity, the officer said.

Ike Would Be

(Continued from Page 1)

with Nixon as a man, as an associate, or as a running mate. After Eisenhower said he would have nothing more to say about Nixon, a reporter asked whether Nixon had reported to the President yet on what he wants his political future to be.

Eisenhower told the newsmen he was about five minutes late with that question. Then he touched off a wave of laughter by declaring he would say this:

That he had advised Nixon in advance as to what he was going to say about him at today's news conference.

Our Very Best Friends

The conference touched also on these other matters:

1. CYPRUS—Eisenhower volunteered that the United States is ready to do anything reasonable and practical to help reach a solution of the dispute between Great Britain and Greece. The dispute has waxed with new intensity in the last few days since Britain's deportation of Archbishop Makarios from Cyprus. The archbishop is the leader of about 400,000 Greek Cypriots seeking union of the British colony with Greece.

Eisenhower referred to Britain and Greece as two of our very best friends. He said the United States is friendly to both nations and both in turn are vitally necessary to the North Atlantic Treaty Organization.

2. ISRAELI-ARAB—Eisenhower said he wanted to make it very clear that neither he nor Secretary of State Dulles ever have foreclosed the possibility of shipment of arms to Israel. An Israeli request for U. S. arms has been pending at the State Department for months.

3. INTEGRATION—Asked for comment on a manifesto by 107 Congress members pledging use of every "legal means" to reverse the Supreme Court's school integration ruling, Eisenhower first called specific attention to the stipulation in the manifesto for the exercise of "legal means."

No one, he added, has done any talking about a nullification of the Supreme Court decision calling for integration of the races in the public schools.

Eisenhower said he intends to carry out his sworn duty to uphold the Constitution. He said, however, that the high court itself, in handing down its controversial ruling, talked about the emotionalism which surrounds the issue.

He also noted the court has said progress toward integration must be gradual.

4. FARM—At the outset of the conference, Eisenhower noted that the planting season is just about here, and said we need a farm bill now. He added that he couldn't possibly overstate his anxiety to get a good farm bill.

A farm bill pending before the Senate would enact the administration's plan for creation of a soil bank to help get rid of huge crop surpluses.

Hospital Treats Four For Fractures

Four persons have been treated at the Warner Hospital for recent fractures.

Ralph Cartenzadner, 49, Union Bridge, Md., was treated for a fracture of his left wrist sustained in a fall Tuesday.

Mrs. Myrtle Conover, 37 W. Middle St., received treatment for a fracture of the small bone in her left leg sustained in a fall Saturday afternoon on S. Stratton St. Miss Mary Frances Ha'dman, 19, a student at Gettysburg College, was treated for a fracture of the left ankle sustained while playing basketball Monday.

Mrs. Bernadine Rickrode, 53, Littlestown, was treated this morning for a fracture-dislocation of her right shoulder and fracture of her left fifth toe. She fell while working at the Windsor Shoe Co., Littlestown.

\$1,600 Accident Today; None Hurt

Damage totaled about \$1,600 but no one was injured when a sedan and a station wagon collided this morning at 8 o'clock at the Oxford Rd. intersection two miles north of Hanover on the road to Cross Keys.

State police said Calvin E. Roland, 25, Hanover, had slowed to make a left turn into the Oxford Rd. when another north-bound vehicle, a station wagon operated by A. W. Rohrbach, 52, 2 Carlisle St., New Oxford, struck the rear of the Roland sedan. Damage was estimated at 1,000 to Rohrbach's vehicle and \$600 to Roland's.

The sale of Frank McCauslin's household goods on Saturday was well attended. Mr. McCauslin's son-in-law and daughter, Mr. and Mrs. Clair Baugher, and children moved from near Dicks Dam to the McCauslin property which they purchased sometime ago.

Mr. and Mrs. Frank Sayer attended the Flower Show in Philadelphia on Tuesday. They went by train from Harrisburg.

Mrs. Zula Hikes spent Tuesday afternoon in Hanover.

Change Bylaws Of Abbotstown Co.

Several revisions in the bylaws were approved at a recent meeting of the Abbotstown Fire Co. Changes were made relative to the duties of the executive officers and further study will be made on proposed changes in outlining duties of line officers.

Robert Kidd was voted into membership of the company. Chief William D. Rodgers reported his committee had agreed on the purchase of some fire-fighting equipment and authorization was given on its purchase. He also reported that four alarms were answered since the previous meeting, one fire entailing a loss of about \$700.

Receipts of \$30 were reported and bills totaling \$196.35 were approved for payment.

A large attendance marked the meeting. At the next meeting final approval is expected to be given the new bylaws.

who said the "present law has public acceptance."

Another bill rejected 61-104 by the House would have directed every county, municipality and township to establish a local plumbing authority. More than a dozen members changed their vote to allow possible reconsideration.

Southeastern Pennsylvania Gets Drenching; Fear Flood BRITISH, YANK TENSION OVER CYPRESS EASES

By ARTHUR GAVSHON

LONDON (AP) — Resentment against the United States — including charges of American meddling—boiled up among Britons today over the Cyprus issue. But the Foreign Office indicated a surge of tension between the two governments had eased.

The Foreign Office said it has "no criticism to make" of the U. S. State Department's stand on the dispute between Greece and Britain over the future of the British island colony.

The State Department denied last night the United States was taking sides and offered to help find a "fair and just solution."

This conciliatory declaration was issued in Washington after British anger was sparked by a statement of U. S. Ambassador Cavendish Cannon to Greece yesterday.

Target Of Attacks
Cannon expressed to the Greeks, who want to annex the restive island "the sympathetic concern of the U. S. government over recent developments in Cyprus." The statement was the target of furious attacks in almost all British newspapers. Most of them viewed the envoy's remarks as outright meddling.

Today a spokesman of the Foreign Office told a news conference, however, Britain considers the latest Washington pronouncement supersedes Cannon's statement.

"There will undoubtedly be further discussions with the United States on this subject," he said. There was an hour-long discussion today of the United States position on Cyprus by U. S. Ambassador Winthrop Aldrich and Minister of State Anthony Nutting. The Foreign Office summoned Aldrich for that talk. British officials said such a conference was normal procedure following the hurried British request to the State Department last night for an explanation of Cannon's statement.

The Cyprus issue was up for debate in the House of Commons today.

First Nighter Ike Attends Richard III

WASHINGTON (AP) — President Eisenhower stayed up way past his usual bedtime last night at a benefit showing of the motion picture "Richard III." But he seemed none the worse for it.

For almost three hours, until past 11:30, he and his family were part of the full-house audience that watched the Washington premier of the British-made picture at a theater a few blocks from the White House.

It was a benefit for the Heart Fund, and Eisenhower's appearance—his first of this kind since his September heart attack—was something of a surprise. It wasn't finally disclosed he would attend until about an hour beforehand.

After it was all over, the President said his goodbyes. But Mrs. Eisenhower lingered in the lobby, wife-like, saying additional good-bys. Eisenhower, husband-like, came back and took her by the arm. They left for good then.

Al Barr Writes Times Of Ike Sentiment In Western Town

A. Harrison Barr, well known during his many years of residency here, and now living at Monrovia, Calif., has forwarded a column from the San Gabriel Valley Edition of "The Pasadena Independent," which Barr states "is so inspiring in its content that I thought you would appreciate how we, out here, feel about your townsman."

The article by F. G. Runyan is entitled "Our City" and appeared on the front page of The Independent March 1 with the story of President Eisenhower's decision to permit renomination. Runyan's column observed, "Seldom since the assassination of Abraham Lincoln

have so many people been so concerned with the physical condition of one man. President Eisenhower yesterday lifted a load not only off the Republican party but the nation itself.

"Assures America"

"He assured a worried America he was as good as ever and would continue to remain so by rigidly living within the boundaries of activity drawn by his physicians.

"So concerned has the American public been and so deeply has Ike endeared himself, that his decision to offer himself as a candidate was tantamount to re-election.

"It is our opinion that the people from one end of the land to the other are fully conscious and deeply respectful of even the most subtle elements of the President's health. Here is the ironic case of a soldier who exposed himself to the field of battle and received not a scratch, rising from a wound suffered as a civilian to continue the fight and again offer his life, if necessary, for his country. Here, too, is the case of a woman forced to weigh patriotism in the scales of love and make, in the depth of her heart, a decision no less significant."

Will Purchase Utility For Million Dollars

HARRISBURG (AP)—The Scranton-Spring Brook Water Service Co. will purchase Kingston district properties of the United Gas Improvement Co. Philadelphia, for one million dollars.

The Public Utility Commission yesterday approved the sale after officials of both firms agreed to transfer the UGI plant which furnishes gas service to 10,300 consumers in Luzerne County.

The Wilkes-Barre firm now serves gas to 68,500 customers in parts of Columbia, Lackawanna, Luzerne, Lycoming, Montour, Snyder, Northumberland and Wyoming counties.

Through the transfer, its new service area will include Nanticoke, Edwinstown, Forty-Fort, Kingston, Larksville, Luzerne, Plymouth, Pringle, Swoyersville, West Wyoming, Wyoming, Courtland, Shickshinny, Sugar Notch and Warrior Run.

About 18½ million Americans hold fishing licenses and 14 million hold hunting licenses.

Plans Second Operation

Mr. Barr, who left here with his family about ten years ago, wrote in accompaniment to the article:

"Mrs. Barr and yours truly are as well as can be expected at our ages. Am having left eye operated on for removal of cataract in April. Had right one taken off a year ago last May. Now have 20-20 vision in it and have a restful life. If the other operation is as successful I will be in pretty good shape."

He added that "Adelaide" (his daughter) and "George" (Hanawalt, formerly of here) with their two wee ones are now in Long Beach. "George is assistant general manager of Edison Company's largest area."

Rainstorm Over Week-end Is Heaviest Since 1930 Drought: The heaviest showers since early July 1930 fell here over the week-end and for the first time in eight months streams in Adams county reached the flood stage. From Saturday night at 8 o'clock until Sunday morning at the same hour 1.63 inches of rain fell in Gettysburg according to a record made by Dr. Henry Stewart, Baltimore street.

The week-end precipitation restored the water in Spangler's spring on the battlefield, dry since December 15, 1930.

Trail Making In State Forest Nears Finish: As the result of a recent trail marking expedition by foresters of the Michaux state forest in conjunction with the members of the Potomac Appalachian trail club of Washington, D. C. the Appalachian trail in Southern Pennsylvania is virtually completed.

The Appalachian trail is a 1,500-mile footpath being constructed by hiking clubs and interested organizations along the crest of the line of the Appalachian mountains from Maine to Georgia. The south Mountain section of this wilderness footway leads from Pen-Mar on the Maryland-Pennsylvania boundary through the Mont Alto state forest, Caledonia park, the Michaux forest and beyond to the Long Mountain fire tower. The South Mountain section of the trail will be approximately 78 miles in length.

Lawrence Oyler Named Exalted Ruler Of Elks: Lawrence E. Oyler, Baltimore street, was elected exalted ruler of Gettysburg lodge 1045, Benevolent and Protective Order of Elks at the annual election meeting Monday evening. He succeeds C. R. Wolff, York street.

Fire Destroyers Garage In Littlestown Causing Loss Put At \$50,000;

Today's Talk

GO ON — AND ON!

Nearly everyone who has made a success worth recording has been one who suffered many a serious setback — and often many a failure. They have been those who did not flinch with the impossible. They didn't even consider it existed! And so they rose from the simple, through the complex and discouraging, to the possible.

The great of this earth have always believed in the idea of going on — and on. That's how Columbus, and all those who followed him, happened to make this Western World a thing that has amazed the world. All progress, of what ever nature, has had this idea as the controlling one. In progress there is a constant unfolding.

Go on — and on. The further you go the more you realize the value of every experience. Where there was once darkness, this is replaced with the light. Incentive to go, and to grow, increases as you near your goal — or your many goals — for so long as life goes on a variety of goals are met and conquered. This is the story of a free way of life. Be "full of new beginnings!"

How we should exist, as we view all about us, opportunity after opportunity to go forward. How much we have to live for. How proud we should be for life. Happiness can be ours if we plan it that way. It is not "just around the corner" but right where you may be. Samuel Hopkins Adams once wrote: "The gospel of human sympathy is universal and eternal." Every one of us can go on with new energy and hope if we give to another a lift!

Most of our inspiration comes from others. We cannot return enough. We all have friends, or may have friends, who have helped us to go on — and on. We are on our way to the best things in life when we dismiss all fears and worries and take our forward strides in faith.

Tomorrow Mr. Adams will talk on the subject: "Attitude"

MYSTERIES

The first green blade that breaks the soil
Replays in part last autumn's toil.

The tulip blossom, viewed with pride,
The faith of man has justified.

The robins, nesting 'neath the eaves,
Show man in mystery little believes.

He knows they yearly come and go,
But how they do he cannot know.

By man the greening lawn is seen,
But he can't tell why grass is green.

None knows the art of fashioning
The countless mysteries of spring.

He then told that at some particular hour and date it was 46 degrees in Alverden and the skies were clear. London had fog and 51 degrees and at Kimpko it was 45 degrees and clear.

NO PROSPECT OF CUT IN INCOME TAX AT PRESENT

By JOE HALL
WASHINGTON (AP)—Sen. George (D-Ga.) said today he knows of no move to add a cut in personal income taxes to a House-passed bill to extend present corporation income and excise rates.

There had been some talk that advocates of election year income tax relief might use this one-year extension bill as the vehicle for their effort.

But George said "I know of no one" who will make such a move and added that "I have no such plan myself." He said, "I do not want to tie up the House bill in any way."

To Wait For Figures

He said he regards it as important to get quick action on the measure to extend the corporation and excise taxes. Without such action, they would drop to pre-Korean War levels on April 1, costing the government three billion dollars in annual revenue. George said he hopes an income tax cut, perhaps through a \$100 increase in individual exemptions, can be put through this session.

But he reiterated in an interview today he wants to see reports on the April 15 income tax collections before deciding what he might propose.

Pass Extension Bill
The House yesterday passed the extension bill 366-4, following the recommendation of President Eisenhower that no drop in excises or the corporation income tax rates at the 52 per cent level for another year until April 1, 1957, preventing a drop to 47 per cent. It also would continue for the next year present excise rates on liquor, gasoline, beer and wine, cigarettes, autos and trucks.

Chairman Byrd (D-Va.) of the tax-writing Finance Committee said his group will meet promptly on the measure, probably early next week. He said he expects only limited hearings.

KITCHENS GET NEW FLAVORS

By CECILY BROWNSTONE
THE ASSOCIATED PRESS

New flavors and time-savers came into the kitchen in 1955. A variety of packaged mixes and frozen foods put spice into everyday culinary life. Here are a few of the highlights. Of the packaged ready-prepared products, cake mixes took the cake. Chocolate angel food mix arrived to gain favor with a lot of Americans who go for that flavor. Caramel cake mix also came on the scene. Certain cake mixes offered a dividend. Some packages include paper liners for home baking pans, some contain the baking pan itself. The new pound-cake mix is one of the latter.

New Frozen Meats
Frozen meats are going basic. For the first time a large packer is offered frozen roasts, steaks and chops. Trimmed of fat and bone, these meats fit into small space and after cooking are easy to carve. Other meats, not frozen, are being lean-trimmed by this packer.

A variety of sea food delicacies were test-marketed. Quick-frozen scallops came cooked. A New England sea food specialty — ocean fish plus mashed potato and seasonings — is bite-sized, pre-cooked, browned and quick-frozen.

Newest of the frozen vegetable dishes is potato patties. Made from shredded raw potatoes and seasoned with onion and salt, the patties can be quickly cooked without defrosting.

National Commodities
Frozen chicken a la king and frozen individual peach and blueberry pies are now available nationally.

Such a staple as shortening came in new form. It has the advantage of a golden color and needs no refrigeration.

Chocolate comes a new way. A six-ounce package of small pieces of semi-sweet chocolate may be had in mint flavor. Marshmallows, too, come midget-size so as to save cooks sticky kitchen cutting.

Have You Seen This Fugitive?

He is one of the ten most wanted men by the FBI

JAMES IGNATIUS FAHERTY

The Gettysburg Times originally intended to present the story of August Junior Gerbitz, wanted for the murder of his girl friend and "the other man," but because of the national interest and the intense manhunt that is underway, this week. The Times brings the story of James Ignatius Faherty wanted by the FBI for his participation in the infamous robbery of Brink's, Inc., at Boston.

On a dark, drizzly, January 17, 1950, Boston night a group of men dressed in Navy pea jackets, chauffeur's caps, and wearing grotesque rubber, Halloween masks held up a group of Brink's guards and escaped with well over a million dollars. This was a terrific challenge to law enforcement, and in January 1956, the FBI arrested six men in connection with this armed robbery and advised that two others were already in jail serving sentences for other offenses; a ninth man was dead, and the two who were fugitives were James I. Faherty and Thomas F. Richardson.

Public Helps FBI

Reams of newspaper and magazine copy have been written on this spectacular robbery and will not be repeated at this time. However, it is extremely interesting to determine the background and makeup of the men who participated in this crime, and who may even now be hiding in this area. The public has been of immense service to the FBI in their Wanted Fugitive Program, and it is very possible that the leads which will cause the apprehension of these men will come from Detective John Q. Public.

attention to consumer gripes. Grated Parmesan for instance is being packed in wide-mouthed jars as well as in sifter-type containers.

Diet-conscious Americans got new desserts. Fruit-flavored sugar-free gelatin now comes in six flavors. Chocolate, vanilla and butterscotch puddings are also here in low-calorie form.

And everybody ate outdoors. Our yen for open-air meals got Mom out of the kitchen and Dad close to the fire! To help along the trend, there were mountains of man-size aprons and chef's hats, spicy relishes, hot dogs, hamburgers, grills, outdoor lighting equipment, tongs, skewers, and hibacuts. Just to set the official seal on the business, two of America's most distinguished food writers, Helen Evans Brown and James A. Beard, contributed "The Complete Book of Outdoor Cookery." Say authors Brown and Beard: "We have two definite opinions about charcoal cookery. We believe that it is primarily a man's job and that a woman, if she's smart, will keep it that way."

Next week the story of the other Brink's fugitive, Thomas Francis Richardson, will be published.

PREDICTS POWER OF NEW GUIDED MISSILE FLEET

ABOARD THE U.S.S. BOSTON IN THE CARIBBEAN SEA (AP)—Atomic striking power of tomorrow's surface fleet may be the task force of cruisers firing robot weapons and huge Forrestal class carriers.

Adm. Arleigh Burke, chief of naval operations, made that prediction to newsmen Tuesday before they boarded this fore-runner guided missile cruiser to witness the first public demonstration of its weapons.

Burke, discussing the likely composition of future forces, said "you can see that a half dozen Bostons and three or four Forrestals would be a pretty tough nut for an enemy to crack."

Learn Technique
The Boston, like the 70,000-ton carrier Forrestal, is on her shake-down cruise in the Caribbean, with her crew learning the intricate technique of firing missiles instead of guns. The Boston does retain two turrets of 8-inch rifles forward. The two twin-mount Terrier missile launchers are mounted aft.

The 673-foot heavy cruiser Boston was commissioned last November after undergoing extensive conversion for missile firing. A second converted cruiser, the Canberra, is scheduled for commissioning next month. The Navy has said a whole line of similar vessels, new and converted are to follow.

In Mass Production
The Terrier antiaircraft guided missile used by the Boston is a slim, needle-beaked weapon of supersonic speed and an effective range of over 10 miles—approximately half that of the Army's antiaircraft missile, the Nike.

The Terrier is in volume production at the Pomona, Calif., plant of the Convair division of General Dynamics Corp. Burke commented that "missiles are young weapons and they grow." Besides foreseeing longer ranges, he was forecasting a dual purpose for the missiles—in one form, they will continue to be antiaircraft; in another they will become surface-to-surface bombardment weapons.

Burke also disclosed the Navy hopes to resume conversion work on the partially completed 45,000-ton battleship Kentucky, now at Newport News, Va. Under this plan she would become the mightiest guided missile ship — armed with a variety of guided and ballistic missiles.

On January 11, 1956, the FBI obtained a warrant for Faherty charging him with unlawful flight from the State of Massachusetts to avoid prosecution for armed robbery, and wants to emphasize that this man must be considered dangerous, and care should be taken in any dealings with him.

All information concerning this fugitive should be immediately forwarded to Norman H. McCabe, special agent in charge of the Philadelphia office of the FBI, 500 Widener Building, Philadelphia, Pa., telephone number Rittenhouse 6-3300.

Duff Avoids GOP Primary Wrangles

WASHINGTON (AP)—Sen. Duff of Pennsylvania is avoiding Republican primary fights for House nominations.

The former Republican governor, seeking a second Senate term, has been asked by a number of Republican aspirants for the U. S. House of Representatives to endorse their candidacies. He has refused.

In other instances he has been asked by GOP House candidates if he was supporting anyone in their congressional districts or intended to do so before the April 24 primary elections. His answer has been that he is taking no part and will take no part in any of the congressional primary races.

His attitude, aides explain, is that it's up to the Republican voters to choose their House nominees.

There are Republican primary contests for the House in 11 of the 30 Pennsylvania congressional districts. There are 12 Democratic contests.

BALLOT TO LIST FOUR PARTIES
HARRISBURG (AP)—The names of four political parties — Democrat, Republican, Socialist Labor and Militant Workers — will be inscribed on the November election ballot in Pennsylvania.

The Socialist Labor and Militant Workers parties, both independent groups, on Monday met the deadline for submitting petitions to have the names of their statewide and national candidates appear on the ballot.

Each party submitted at least 12,000 signatures on their petitions, the number required for a new party to appear on the November ballot.

Socialist Labor Candidates
Candidates as listed by the Socialist Labor party were:

Louis Dirl, Glenrock Heights, auditor general; George S. Taylor, Philadelphia state treasurer; Frank Knotek, McKean R. 1, U. S. Senate; Eric Haas, New York editor, president of the United States, and Paul A. Barnes, Elizabeth, N. J., vice president. Militant Workers: Herbert Lewin, Seane, U. S. Senate; Farrell Dobbs, New York, president, and Myra Tanner, New York, vice president.

DEMS, GOP BACK BILL IMPROVING TRUCK SAFETY

HARRISBURG (AP)—An administration-backed bill designed to improve safety standards on trucks registered in Pennsylvania had the formal endorsement today of 14 House members, including the opposing floor leaders.

The 14 joined Monday night in introducing a bill that would establish rules for motive and braking equipment on all commercial motor vehicles registered in the state.

"For the first time," Gov. Leader said in a statement, "out state motor code will fix minimum requirements for the horsepower and brakes needed to insure a maximum of operating safety for all trucks traveling Pennsylvania highways."

Leader Describes Bill
Five persons were killed at West Newton last year in a runaway truck accident and last week two women were killed when a loaded truck rammed into a service station near Pittsburgh.

In his remarks, Leader described the basic provisions of the bill as: "The heavier the load the more engine horsepower required to move the vehicle and the greater the braking surface required to bring that load to a safe and sure stop under any emergency."

Under the proposal commercial vehicles not previously titled and registered in the state must be

certified by the manufacturer that the engine provides one net brake horsepower for every 450 pounds of gross weight.

To Eliminate Congestion
This would require a 132 net brake horsepower engine to carry a maximum load of 60,000 pounds.

Such motive power would enable a fully loaded truck to climb grades up to 3½ per cent at a speed of 12 miles an hour. At present many loaded vehicles can negotiate such grades at only 2-5 miles per hour.

"Under these regulations commercial vehicles will fit more smoothly into the regular flow of traffic," Leader declared, "and eliminate the highway congestion familiar to all motorists that results from slow moving trucks."

Introduce Other Bills
Other new House bills would: Permit use of the state money for construction of National Guard armories when the federal government doesn't provide 75 per cent of the cost—Lovett (D-Westmoreland).

Prohibit professional employees of the public schools from seeking nomination or election to any elective public office without resigning—Amarando (D-Phila).

Require retail cigarette dealers to pay \$3 and wholesale dealers \$10 plus \$1 for every vending machine owned or operated for state licenses instead of the present flat \$1 charge for all dealers—Saraft (D-Allegheny).

Allow the state police commissioner, with the approval of the governor, to appoint more than one deputy commissioner—Kormick (D-Fayette).

State-Wide Traffic Safety "War" Urged

HARRISBURG (AP)—The commonwealth is urged to "wage a war" for traffic safety in a resolution passed unanimously by the Senate Monday night.

The resolution calls on the governor to enlist the aid of civic organizations, service and fraternal clubs, labor unions, business, newspapers, radio and television stations to join in an education program on highway safety.

Strict enforcement of traffic laws also is emphasized in the resolution.

Its sponsors are Sens. Yosko (D-Northampton) and Mahany (R-Crawford).

Another resolution introduced by Sen. McPherson Jr. (R-Adams) to set up a joint state government commission study of wire tapping went to committee.

ORDERED OUSTER OF SELINGROVE SCHOOL STAFF

HARRISBURG (AP)—Secretary of Welfare Harry Shapiro said Tuesday he "personally directed" the dismissal of 15 employees from the Selingrove State School for Mentally Retarded Children.

"I attended a meeting of the board two weeks ago at which time the dismissal of these employees for political activity was recommended unanimously by the board and the school's acting superintendent," Shapiro told a reporter upon inquiry.

Shapiro added that "this final action was done under my direction and not under the direction of any political-minded board members."

Retort to Statement
Shapiro's statement was in reply to a statement by Henry W. Lark, Northumberland County Republican chairman, that the dismissals were brought about by "politically-minded board of trustees" and not by Shapiro.

"Each of these 15 employees was found to be violating a long-standing order of mine which prohibits any employee from engaging in political activity," Shapiro said.

Shapiro added Fred Jacobs, acting superintendent, informed him several weeks ago that the board recommended dismissal of the 15 because of "their political activity."

"I took their recommendation

involved in recognition of Distinguished Daughters of Pennsylvania—Stank (D-Northumberland) and Wheeler Jr. (D-Fayette).

TAX REDUCTION VETOED; GOP PROMISE FIGHT

ALBANY, N. Y. (AP)—Gov. Averell Harriman on Monday vetoed a proposed tax reduction measure, causing leaders in the Republican-controlled Legislature to say tax reduction was "dead" in the state this year.

The Republicans said it was killed by Harriman "and the Democratic-liberal members of the Legislature" and they promised to make it a campaign issue next fall.

The declaration was made with the apparent knowledge that Harriman had renewed today his offer "to work out our differences over taxes."

Fail To Override Veto
Walter J. Mahoney, Senate majority leader, and Assembly Speaker Oswald D. Heck got out the embalming fluid shortly after Senate Republican failed Monday night to override Harriman's veto of their bill to cut state income taxes by 50 million dollars.

The GOP leaders pledged in a prepared statement that they would "act vigorously to make certain that the 50 million dollars in deserved tax relief, which Mr. Harriman has denied the people, will be allocated for schools, teacher pay raises, highways and other worthwhile public services."

"We will not permit Mr. Harriman to squander the money on Tammany political boondoggling projects," Heck and Mahoney said "or as a political slush fund to advance his presidential ambitions."

To Be Made An Issue
Harriman's veto of Republican tax reduction bills last year and this year "will be carried to the

people as an issue in this year's legislative elections," Heck and Mahoney declared.

In his veto message, read to both Houses last year, Harriman said:

"I still believe that the taxpayers of this state deserve tax reduction this year, and I am still ready to work out with the Republican leaders a plan which we all can accept. . . I strongly urge the Republican leaders to reconsider their stubborn refusal to attempt to come to an agreement."

Movie Censorship Law Held Invalid

PITTSBURGH (AP)—The Pennsylvania Supreme Court Tuesday ruled the state's movie censorship law is unconstitutional because its language is too vague and indefinite.

Chief Justice Horace Stern noted in the opinion that among the reasons cited in the law for banning a movie is that the board of censors considers it to be "sacrilegious, indecent and immoral" and "tending to debase and corrupt morals."

Such broad descriptions are unconstitutional, the court said, because they tend "to offend the due process clause of the state constitution."

The Supreme Court decision upheld a Philadelphia Common Pleas Court ruling that set aside the censors ban on "She Shoulda Said No."

SLATE HEARING
HARRISBURG (AP)—Sen. Hugh J. McMenamin (D-Lackawanna) said another hearing of a special Senate committee investigating causes of escapes at the Fairview State Hospital for the Criminal Insane was tentatively fixed for today.

Whether the session is held hinges on attendance by Secretary of Welfare Harry Shapiro committee Co-chairman McMenamin said Monday night.

WASHINGTON (AP)—The Atomic Energy Commission Tuesday announced the first shipment abroad of heavy water under President Eisenhower's atoms-for-peace program.

The AEC said it has approved the sale of 190 tons of heavy water to six nations and that 16 tons of this had been shipped—11 tons to Great Britain and 5 to France. The sales price was \$28 a pound, AEC said.

STUDY VEHICLE BURGLARALARMS

HARRISBURG (AP)—A bill to permit trucks and other commercial motor vehicles to install burglar alarms to alert the public to hold up attempts on their cargo has reached the Senate.

The device not only would sound off when a robbery was attempted but also would cut off the ignition of the vehicle. A siren, a bell or a whistle could be used.

Sens. Schmidt (D-Allegheny) and Koprivier (R-Allegheny) are the sponsors.

Still another bill to permit the use of unclaimed dogs in dog pounds for medical research was introduced Monday night.

The bill stipulates that the dogs would have to be given, rather than sold, by the pounds to medical research laboratories. A number of medical schools and drug companies are specifically listed in the measure.

Sponsoring the proposal are Sens. Dent (D-Westmoreland) and Chapman (R-Warren).

SEOUL, Korea (AP)—A gold crown adorned with thousands of gems and other articles from a monarchy which began before the dawn of the Christian era have been unearthed near the southeast port of Pusan.

Officials of the National Museum said the articles came from the ancient Sylla dynasty, which lasted for 1,000 years. They were found near Kyongju, capital of the Sylla dynasty.

Road builders came across them in a burial mound. They also found two pairs of gold ear rings, a gold bracelet, a gold necklace, a silver bracelet, an iron pot, bronze ware, an iron sword and several pieces of earthenware.

State Leading In Food Distribution

HARRISBURG (AP)—Pennsylvania led all other states in the distribution of federal surplus food last year.

Secretary of Property and Supplies John S. Rice on Monday credited a "diligent, continuous and aggressive program in qualifying needy persons" for the distribution in Pennsylvania of almost twice as much surplus food as any other state.

"Other states fail to register their citizens entitled to this free food," he said.

Federal records showed that a total of 1,538,480 Pennsylvanians received surplus food valued at \$22,280,000 during the year which ended last June 30.

TURNPIKE CASE TO HIGH COURT

PITTSBURGH (AP)—The Senate Supreme Court has relieved the Dauphin County Court of jurisdiction in a suit filed by David E. Watson to regain his position as a member of the Pennsylvania Turnpike Commission.

The high court agreed on Monday to a request by Atty. Gen. Herbert Cohen to accept jurisdiction and hear directly the Watson suit. No date was set for argument before the court.

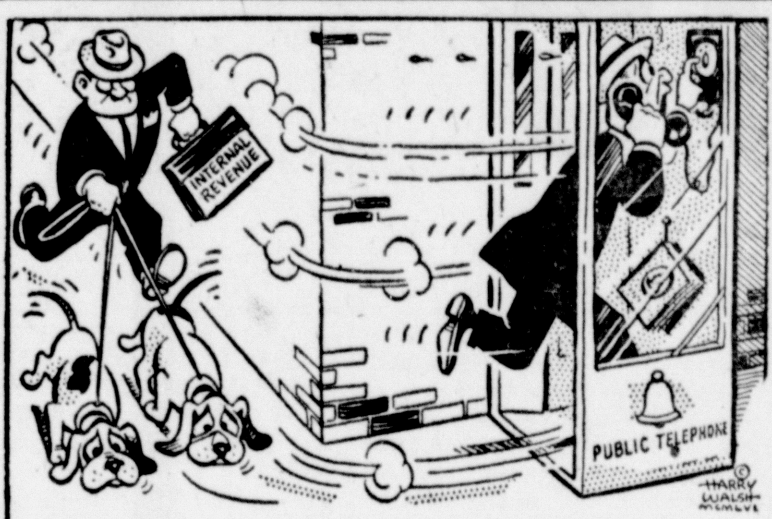

"It is important that no doubt exists as to the actions of its (the commission's) members or the validity of its bonds," Cohen said.

Gov. Leader fired Watson, a Philadelphia Republican, last Dec. 6. The Democrats now hold a 2-1 majority on the commission.

Teti Leads Bullet Quint Scoring, Hockenbury In Rebounds; New Mark Set

All five starters on the Gettysburg College basketball team scored in double figures during the past season as the Bullets won 11 games and lost the same number.

Al Teti, six-foot junior from Haddon Heights, N. J., led all scorers with a total of 415 points, an 18.9 average and a .443 field goal shooting percentage. Team captain Dick Hockenbury, Philadelphia senior, was runner-up in the individual and well-balanced scoring derby with 237 points and a 10.8 average. Sophomore Bob Walsack, Newark, N. J., netted 233 points with a 10.6 average. Senior center Joe Bierly averaged 230 points and compiled a 10.5 average, while sophomore Frank Capitani piled up 226 points and a 10.3 average.

Two School Records
Hockenbury had the field to himself in the rebounding department, making a total of 349 saves for a new school record. The 6-2, 195-pounder averaged 15.9 rebounds per game. The only other record established this season was Teti's 42-point scoring performance in the Bullets' 100-94 upset victory over Muhlenberg. Teti's performance wiped out the old mark of 38 points in a single game, that set last year by Bill Snyder who also held the previous rebound record of 313 in a single campaign.

As a team, Gettysburg was outscored 1,660 points to 1,586. The Bullets averaged 72.1 points a game, while the opposition netted 75.5. Gettysburg did lead in rebounding, however, making 1,098 saves to 888 for the opposition.

Bisons To Play Here On May 17

LEWISBURG, Pa. — Bucknell University will play a 21-game 1956 baseball schedule that includes traditional games with Middle Atlantic Conference foes plus contests against such top non-league opponents as Navy, Pitt, Penn State, Syracuse and Colgate. Athletic Director Albert E. Humphreys announced today.

The Bisons, who will again be coached by Bill Lane, split 20 games a year ago and finished just behind Lafayette in Middle Atlantic conference play with a 10-4 conference record.

The schedule: April 7, Dickinson, away; April 10, Elizabethtown, away; April 11, Navy, away; April 14, Lafayette home; April 18, Lehigh, away; April 20, Pitt, home; April 23, Susquehanna, home; April 25, Juniata, home; April 28, Temple, home; April 30, Susquehanna, away; May 2, Penn State, away; May 5, F & M, away; May 8, Penn State, home; May 11, Temple, away; May 12, Muhlenberg, away; May 15, Lafayette, home; May 17, Gettysburg, away; May 19, Delaware, home; May 21, Albright, home; May 25, Colgate, away; May 26, Syracuse, away.

FAVOR BASILIO IN DEFENSE OF TITLE TONIGHT

By JERRY LISKA
CHICAGO (AP)—It's slugger vs. boxer tonight as welterweight champion Carmen Basilio defends his crown against ex-titlist Johnny Saxton in a nationally televised bout.

Basilio, a wide-in-belted, held as a 2-1 favorite before the weigh-in at the Chicago Stadium.

A crowd of 10,000 is expected to contribute a \$75,000 gate with another \$50,000 coming from TV-radio. The fighters will split 30-30. This is the second title defense for Basilio, 28, who won the championship from Tony DeMarco June 10, 1955, and then repulsed DeMarco's bid to recapture the crown Nov. 30, the champ's last start.

15-Win Streak
Saxton, 25, lost the 147-pound title to DeMarco April 1, 1955, on a 14th-round TKO in his first defense after winning the crown from Kid Gavilan.

Although tonight's principals have somewhat similar records—Basilio with 48-11-7 and 22 knockouts and Saxton with 50-4-2 and 20 KOs—the muscular little titlist from Canastota, N. Y., is regarded much the harder puncher.

Basilio is riding a 15-bout unbeaten streak dating from a 15-round loss to Gavilan in a 1953 title match at Syracuse, while Saxton gets this title shot after a modest comeback.

To Be On TV
Saxton has won four straight since being dethroned by DeMarco, but that string has only one notable verdict. That was a 10-round decision over Tiger Jones Nov. 9, Saxton's last start.

Whether this is a furious or dull scrap pretty much depends upon Saxton. Basilio knows only one style, bob-weave and bang, putting a lot of steam into his left hooks. Saxton is a cutie, who can crowd and clinch so cleverly the other fighter looks bad. He has fine speed and boxing skill and not a few of his jabs are expected to be aimed at Basilio's well-scarred brows.

ABC will broadcast and telecast at 10 p.m., EST.

SAL MAGLIE IS LOOKING GOOD IN COMEBACK TRY

By BEN OLAN
The Associated Press
Sal Maglie, the erstwhile barber of the New York Giants' pitching staff, apparently is out to make a clean start with the Cleveland Indians.

And Maglie has more than one incentive going for him. He's out to:

1. Regain the healthy salary cut he took in signing his 1956 contract.
2. Prove that he's not washed up at 38.
3. Win his first American League ball game.

Took Big Cut
Maglie, who reportedly was slashed the maximum 25 per cent in salary, was sitting atop the baseball heap a scant five years ago. He won 23 games for the Giants in 1951, the year the Dodgers "lost" the pennant.

He still had enough on the ball to come up with 14 victories in 1954. But he had a 9-5 mark last summer before the Indians bought him from the Giants. With Cleveland he was 0-2.

Yesterday, however, the menacing-looking right-hander from Niagara Falls, N. Y., turned in a brilliant three-inning stint against the Chicago Cubs.

Giants Going Strong
The Indians won the exhibition game 11-7 but it was Maglie's showing that made the victory that much more palatable. He walked the lead-off man Gale Wade and then set down the next nine Cubs in order, registering three strikeouts.

Meanwhile, Maglie's former teammates, the Giants, maintained their perfect exhibition record by edging the Baltimore Orioles 7-6 on George Wilson's single with the bags loaded in the 11th inning. The triumph was New York's fourth straight. The Giants got home runs from rookie Bill White and Dusty Rhodes.

Many Close Games
Close games were the order of the day.

The St. Louis Cardinals downed the Detroit Tigers 3-2 behind the effective pitching of rookies Lindy MacDaniel, Billy Muffett and Gary Blaylock.

The New York Yankees also won 3-2 over the Boston Red Sox. But it took a running catch by outfielder Bob Martyn to shut off a Sox rally in the ninth inning. Frank Sullivan turned in three scoreless frames for the Yanks.

A Weird One
Ten pitchers paraded to the mound as the Pittsburgh Pirates edged Kansas City 11-10. The game was a weird one with 19 bases on balls, three wild pitches, a couple of balks and a wild pitch or two thrown in.

There were some one-sided affairs too. The Milwaukee Braves collected 21 hits in routing the World Champion Brooklyn Dodgers 13-0. Wally Post and Chuck Harmon homered as the Cincinnati Reds blanked the Philadelphia Phillies 9-0 and the Chicago White Sox jumped on lefty Dean Stone for nine runs in the first three innings and a 9-2 victory over the Washington Senators.

PAC SUSPENDS ARCHIE PIROLI

PHILADELPHIA (AP)—The Pennsylvania Athletic Commission has suspended Archie Pirolli, manager of middleweight boxer George Johnson.

The action came after Pirolli declined to be sworn in as a witness yesterday at the commission's hearing into charges that he and Herman Taylor, widely known fight promoter, had conspired to take over the management of Johnson by coercion and threats.

The hearing was on citations brought by the commission against Taylor and Pirolli to show cause why their licenses should not be suspended or revoked by the state.

Taylor is also charged with "conspiring with criminals, bookmakers, gamblers or persons of similar ill repute," in violation of the state athletic code.

The hearing resumes today.

BUBBLERS AND CARLISLE BOW IN PLAYOFFS

Boiling Springs, standard bearers of the Adams County League, and Carlisle, South Penn League champion, were knocked from the PIAA basketball playoffs Tuesday evening at the Hershey Sports Arena before 8,000 fans.

The Bubblers were defeated in the Class B District 3 title game by Columbia 53-33 while Carlisle was thoroughly outclassed by Reading 55-30 in the district Class A championship affair.

Bud Ecker's Bubblers were the victims of two bad breaks. Ron Brownawell, one of his aces, suffered an injury to his left knee in practice Monday and sat out the entire first half as Columbia built up a 27-15 lead. Eddie Dasher, the other big Bubbler star, drew three personal fouls in the first period and made a brief appearance in the second quarter when he drew his fourth foul almost immediately.

Both lads played the final period but by that time Columbia had the game wrapped up. Carlisle gave a particularly poor shooting exhibition against Reading with Clyde Washington, top scorer, being held to but eight tallies.

10 Figure Skating Titles To Be Given

PHILADELPHIA (AP)—Competition in the U. S. figure skating championships began here today with an entry of almost 100 skaters topped by the world's five best amateurs.

Ten titles will be decided by Saturday night. Entrants in the men's and ladies' novice school figures go through their paces today. The senior ladies competition will pit Olympic champion Tenley Albright against World champion Carol Heiss. The men's senior competition will pit World, Olympic and U. S. champion Hayes Jenkins against his two closest rivals, his brother David and Ronnie Robertson.

Upsets Continue In NCAA Playoffs As Dartmouth And Connecticut Triumph

By ED WILKS
The Associated Press
Defending champion San Francisco, Iowa, Kentucky and Utah had better forget about favorite roles in their opening games Friday in the NCAA Basketball Tournament. This year's shindig is fast becoming a haven for underdogs.

All four favorites were given the boot in the first-round Eastern eliminations at Madison Square Garden. Dartmouth toppled West Virginia 61-59 in overtime and Connecticut walloped Manhattan 84-75 in last night's windup double-header.

And at Wichita, Kan., Southern Methodist, considered the best club to come out of the Southwest Conference in a long while, had to scramble to get past Texas Tech 66-67.

Favorite Wins Handily
Oklahoma City was the only favorite to come through without too much trouble last night, beating Memphis State 97-81—but even with a 64-point second half the Chiefs didn't see the lead until the last 10 minutes.

The Eastern and Western quarterfinals Friday now shape up like this:

Eastern—At Philadelphia, Dartmouth (17-10) vs. Canisius (18-6), which upset North Carolina State in four overtimes Monday; Connecticut (17-5) vs. Temple (22-3), which surprised Holy Cross Monday. At Iowa City, Iowa (17-5) vs. Morehead (Ky.) State (18-9), one of the few successful first-round favorites; Kentucky (19-5) vs. Wayne (Mich.) (18-1), a small-college entry that upset DePaul Monday.

Western Lineup
Western—At Lawrence, Kan., Southern Methodist (23-2) vs. Houston (17-5); Kansas State (16-7) vs. Oklahoma City (19-6). At Corvallis, Ore., San Francisco (25-0) vs. UCLA (21-5), the last team to beat the Dons before they started their 51-game winning streak; Utah (22-5) vs. Seattle (17-4), which had to hustle to trim Idaho State Monday.

Iowa, Kentucky, Houston, Kansas State, Utah, UCLA and San Francisco received first-round byes.

The Eastern and Western semifinals will be staged Saturday at the four Friday sites with the East and West championships set for Evanston, Ill., March 22. The two winners then meet for the national title at Evanston March 23.

Hundley Halted
Dartmouth, the Ivy League champ, held Hot Rod Hundley to 18 points in eliminating West Virginia's Southern Conference kings. Larry Blades sank a second "last-ditch" shot at the overtime buzzer to win it. His first was blocked by Don Vincent—it went straight up and straight down into his hands again and he just did get away the clincher.

Jim Francis was high scorer for Dartmouth with 25 points. It was 59-41 at the end of regulation time when Dartmouth froze the ball for three minutes, then

missed a last-second shot. The Indians used the same three-minute freezup in the overtime, but Blades improved on the script. Southern Methodist, the first Southwest Conference entry to survive the first round since 1950, got hot in the last five minutes to overhaul a 59-57 lead by Tech. Jim Krebs, who topped SMU with 22, joined Joel Krog for a joint 13-point effort in the final push.

Connecticut shifted into high gear for a 40-35 halftime edge after an early 15-8 Manhattan lead. The Jaspers drew to 42-41 in the second half, but Ron Bushnell then sank 10 points to trigger a UConn spurt that rolled up a 56-45 edge and that was that

Need Governor's Signature For School Building Program

HARRISBURG (AP) — Only the stroke of Gov. Leader's pen was needed today to reopen a mighty school construction program in Pennsylvania.

The Legislature stamped its final approval last night on a bipartisan program that sharply revised the law dealing with state aid for building new schools—a model for the nation.

A two-year bottleneck on new state-aided construction will be broken by removal of the 425 million dollar ceiling imposed by the 1953 Legislature and reached almost immediately.

Place Ceiling
The new ceiling will be 625 million dollars, opening the way for consideration of a current backlog of school construction plans totaling more than 225 million dollars.

The program calls for boosting the ceiling by 100 million dollars each year until it reaches 925 million dollars during the 1958-59 school term.

Chairman McCann (D-Greene) of the House Education Committee estimated the program will eventually cost the taxpayers 100 million dollars every two years at the state level. The cost for the current two-year fiscal period is about 25 million.

Prepare Amendments
In another development, both Republicans and Democrats read their own amendments to the new 3 per cent sales tax law. The GOP wants to remove some of the kinks from the stamp system for collection of the tax.

Democrats are planning a long series of revisions to make the law more workable. One would presumably remove any doubt that the tax applies only at the retail level instead of also at the manufacturing and wholesale levels as mentioned by Atty. Gen. Cohen.

The general appropriations bill—it totals \$152,328,411—also reached the floor of the House last night, an action that usually presages early final adjournment.

To Execute Sales Tax
The measure includes a 1½ million dollar figure for administration of the sales tax law. Four millions of it would be devoted to printing and redeeming prepaid stamps.

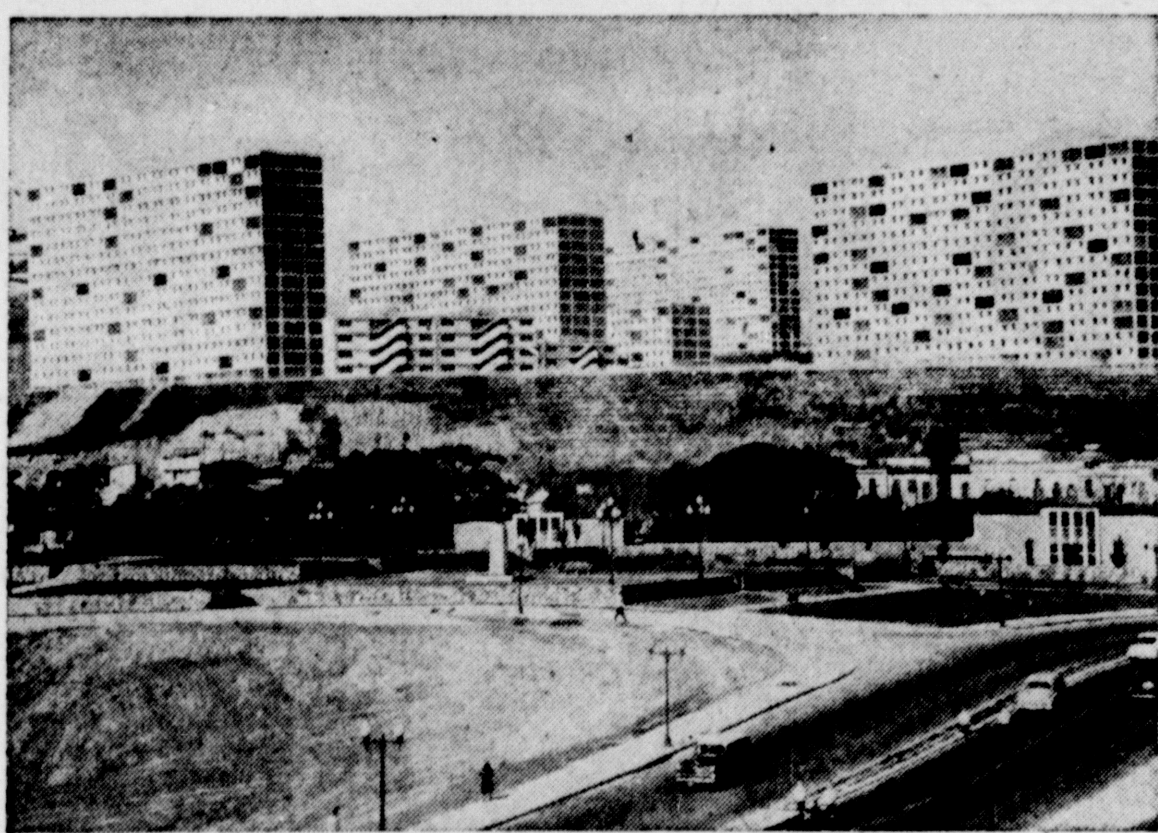

The Senate took up consideration of nearly 100 million dollars in miscellaneous appropriations, most of which already have passed the House.

On another front, the House last night passed, 109-76, the administration program for overhauling the operations of the Public Utility Commission.

Hold Hearings
The PUC, under the measure as sent to the Senate, would be required to hold hearings only when proposed rate increases amount to one per cent of the utility's total revenue or if they will boost the annual cost of service five per cent or more of the company's customers.

Another provision would permit the PUC to suspend proposed rate increases for up to a year instead of the present nine-month limit.

The school building program was drafted finally in a conference re-

EASING A HOUSING PROBLEM—The "Second of December" housing project dominates Caracas, Venezuela, hill following opening to 11,830 former slum dwellers. The 13-million-dollar project has 13 blocks of 15-story modern apartments and 52 four-story buildings.

\$25,000 For West Chester Considered

HARRISBURG (AP) — The House Appropriations Committee yesterday sent to the floor for final action a Senate-passed bill to provide \$25,000 for the purchase of five tracts of land for use of the West Chester State Teachers College.

The land, totaling over 100,000 square feet, is located along New, Sharpless and South High Streets in West Chester. The Senate approved the measure, introduced last July by Sen. Harney (R-Chester), 44-0 last month.

port which the House accepted unanimously and the Senate by a 33-4 vote.

Subject To State Aid
Under the new plan, all school construction would be subject to state aid instead of only that financed by the State Public School Building Authority or by municipal authorities.

Wealthier school districts who still possess a borrowing capacity other than through authorities also would be eligible for state aid.

In the past, state aid has been averaging about half the cost of the school. The new program fixes that same rate in the formula for computing state aid. Future increases in state subsidies for teachers' salaries won't affect reimbursement for school construction.

Limits Cost
The legislation also places limits in the unit cost of construction. It places a limit on construction of \$1,100 per pupil for an elementary school and \$1,700 per pupil for a secondary school. Any money spent beyond that wouldn't be subject to state aid.

TOLL BRIDGE POST APPROVED

HARRISBURG (AP) — Gov. Leader's appointment of Gus P. Verona, Pen Argyl, as a member of the Delaware River Joint Toll Bridge commission had unanimous Senate approval today.

Verona named to the post many months ago, would replace Alex R. Miller, Easton, dismissed last year by the governor.

Miller and others have come under fire in the current investigation by a legislative committee of charges of "waste" and "extravagance" brought against the commission by Govs. Leader of Pennsylvania and Meyner of New Jersey.

Confirm Appointments
Other appointments confirmed last night by the Senate:

Board of trustees for West Chester State Teachers College — Dr. John Stokes Adams Jr., Strafford; Charles W. David, Wayne; H. La-rue Frain, Birchrunville, all Chester County.

County boards of assistance: Union — Mrs. Lois Kalp and Louis H. Harris, Lewisburg; Lester A. Snook, New Berlin.

Schuylkill — Martin F. Brennan and Joseph W. Campion, both Heckscherville; Mrs. Anna Wallace Macus, Mahanoy City; Leon N. Mandell, Pottsville; Charles B. Williams, Wadsworth, St. Clair; Martin V. McGuire, Shennandoah, and Dr. E. W. Marazas, Minersville.

Training School Bill Is Cleared

HARRISBURG (AP) — A Senate-approved bill to grant the Elwyn Training School an additional \$1,020,000 for care of state wards during 1953-55 is ready for House floor action.

The Appropriations Committee yesterday cleared the measure introduced last July by Sen. Watkins (R-Delaware). It would increase from \$850 to \$960 the annual maintenance payment of 600 state wards at the state-aided school for mental defectives.

The Senate approved the bill, 28-16, on Dec. 12. It is in position for final House action next week.

DETROIT (AP) — Bobby and a spotted unnamed friend were bailed out of the suburban Livonia dog pound in a hurry. His owner, the late Mrs. Ida L. Jet Crash Pilot, Passenger Are Safe

SHREVEPORT, La. (AP) — The pilot and another occupant of an Air Force jet training plane which crashed in North Louisiana were reported safe by the air force late yesterday.

The Air Force identified the men as 1st Lt. Ridley Briggs of Bryan, Tex., the plane's pilot, and 2nd Lt. Thomas Ruglin of Bellefonte, Pa. Both men were assigned to Tyndall Air Force Base at Panama City, Fla.

The Air Force said the plane crashed near Arcadia, La., 40 miles east of here. An Air Force helicopter returned both men to Barksdale AFB near Shreveport. Briggs said the jet trainer had a "flameout" at 32,000 feet. He said he bailed out at 23,000 feet.

FATALLY INJURED

WESTMINSTER, Md. (AP) — Charles E. Lockard, 81, of Westminster was fatally injured last night by a car as he crossed Maryland 140 about two miles east of here. State police said the impact tossed Lockard on the hood of the car which carried him about 100 feet. The driver was identified as Herman M. Esplugh, 57, of Bellwood, Pa. No charges were placed against him.

EXPANSION OF SCHOOL PLANT IN LITTLESTOWN IS ADVANCED

The board of directors of the Littlestown Joint School District held its March session on Tuesday evening at the high school, when a discussion took place concerning plans for enlargement of both the Rolling Acres Elementary School, on E. Myrtle St., and the Junior-Senior High School building on Maple Ave.

The jointure received a letter from Ralph C. Swam, deputy superintendent of the Department of Public Instruction, in which he questioned the room schedules that are proposed for school building projects in this area, because Conewago Twp. and the McSherrystown borough school districts are included in the Unit No. Four of the approved Adams County Plan, yet they do not belong to any jointure. Dr. Swam stated that in order to avoid indefinite delay in providing the facilities it might be necessary for the department to issue a schedule without including provisions for those students and he asked the county superintendent to get in touch with both of these boards to find out just what they want to do.

Approve Expansion Plans
President Wilbur E. Mackley, who conducted the meeting, appointed the presidents of the five boards of the Littlestown Jointure, along with the supervising principal, Paul E. King, to meet with the Conewago and McSherrystown boards to discuss the matter. The presidents are: Bernard Hess, Germany Twp.; Glenn C. Bowers, Mt. Joy Twp.; Carl H. Baumgardner, Littlestown borough; Bernard Murren, Mt. Pleasant Twp.;

Lewis C. V. Lippy, Union Twp. Conewago and McSherrystown are involved only as far as high school building program is concerned.

The joint board approved a state-proposed preliminary room schedule for the Rolling Acres building on the basis of eight additional rooms.

Pending final action of the McSherrystown and Conewago Twp. districts, the board temporarily approved a high school room plan which includes the following: Five class rooms, industrial arts room, agriculture room, art room, music room, library student activity room, health room, faculty room and gymnasium of approximately 9,000 square feet. The state department originally recommended a gymnasium of 6,500 square feet, but the Littlestown Jointure does not feel that this would be adequate for the needs of the district and changed the recommendation to 9,000 square feet.

Paul E. King, supervising principal of the Jointure, presented his monthly report at the joint board session, reporting there were 117 days taught at the close of the month of February. Several teachers were absent during the month, due to illness, and their classes were conducted with proper substitutions.

Activities in and about the school were as follows: County Music Festival at Gettysburg High School on February 22, with both the band and choruses participating; a Home Economics program was held in assembly on February 22; thirteen members of the girls' basketball team made a field trip to Gettysburg College, to witness the exhibitions by the East Stroudsburg State Teachers College gymnastic teams, with Mrs. Kay C. Sentz, coach, accompanying them; a Ground Observer Corps film was shown by Paul E. Hiltbrich Jr., local chief observer, on March 7 in assembly; aptitude tests for employment were given to 12 seniors on March 6, by Mr. Cummings and Miss Hess, of the Gettysburg office of the State Employment Service.

Basketball season closed on February 19, with Littlestown girls in the first place and the boys placing second in the county. The boys' team won the playoff in the Adams County League, defeating Bolling Springs on February 25 in Biglerville.

The Parent Teachers' Association

tion meeting was held on Feb. 21, with the children of the Fifth grade providing entertainment, in a patriotic theme. The project of purchasing a new amplifying system for the high school was approved at this meeting.

The Junior Chamber of Commerce held a Variety Show in the high school auditorium on February 24. A feature was a "This Is Your Life" show honoring the high school principal. Proceeds from the show went to the Memorial Field Bleacher Fund.

Two money raising projects for athletics were held during the month: A basketball game between and Has-Beens and Will-Bes, for the benefit of the sweater fund, and a donkey basketball game on Mar. 3, for the benefit of the Memorial Field Bleacher Fund. The Athletic Council met on Mar. 12 at the high school. The new bleachers have been delivered and will be erected as soon as the weather permits. The report of funds received to date including solicitations total \$2,157.68. The old wooden stands have been sold to the Carroll-Adams Riding Club for \$150.

The annual Career Conference was held at Gettysburg College on Mar. 9, with the tenth and eleventh grade students attending. Teachers serving as chairmen for the various groups included Clayton L. Evans, Charles E. Tressler, Mrs. Kay C. Sentz, Frank Keefer and H. Dean Stover. John H. Riley, Rolling Acres Elementary School principal, served as one of the consultants.

Mr. King also told the board that a total of 14,512 meals were served in the cafeteria during the 20 days of school.

Vote \$75 To Library
The monthly report of Mrs. Brenda B. Walker, school nurse, was presented by Mr. King, as follows: Total number of home calls made during the month, 29; first aid treatments given in school, 218; four pupils received treatment in the physician's office; two pupils required treatment at the Warner Hospital, Gettysburg; three pupils attended the hearing evaluation clinic at Center Kline Village, Harrisburg. Several cases of chicken pox, measles and mumps have caused absences in the primary grades. The general health of the pupils was pronounced good.

At the Joint School Committee session, a contribution of \$75 was voted to the Adams County Free Library. The report of Treasurer John W. Schwartz revealed receipts for the month totaling \$22,007.53 and expenditures as follows: General control, \$121.10; instruction, \$14,598.89; auxiliary agencies, \$1,208.65; coordinate activities, \$418.57; operation of plants, \$3,320.98; maintenance of plants, \$431.13; fixed charges, \$831.54; capital outlay, \$45, a total expended of \$20,966.86.

Present at the board meeting were the following directors, in addition to President Mackley: Glenn E. Bowers, Clayton L. Hargett, John W. Schwartz, Reginald Zepp, Clement B. Hawn, Charles M. A. Shildt, Karl P. Bankert, Dale W. Stary, Lloyd E. Crouse, Lewis C. V. Lippy, Bernard W. Dutcher, George W. Strevig, Wade D. Brown and Fred Hartlaub. Also present were Supervising Principal King and Secretary Henry E. Waltman.

The Joint Board and Committee will meet again on Tuesday, April 10.

OKLAHOMA CITY (P) — James J. Hayes, Oklahoma City University professor, followed the school's basketball team to all games for 25 years. In recognition for his interest, his English class gave him a real Indian tom-tom for his birthday.

ABUSES IN UMPIRING

HARTFORD, Conn. (P) — National League umpire Frank Dascoli told members of the Connecticut legislature that their job was somewhat like his. "There are few compensations and a lot of abuses," said Dascoli.

ADVERTISE IN THE TIMES

MALENKOV GOES TO ENGLAND TO INSPECT PLANTS

MOSCOW (P) — Georgi Malenkov left by plane for Britain today to tour British power stations. It is the former Soviet Premier's first trip to the Western world.

Since he resigned the premiership in February 1955, Malenkov has been a deputy premier and minister of Soviet power stations.

A British power delegation will pay a return visit to Moscow next month.

Malenkov's three-week mission officially is technical, not political. But he is still a member of the Soviet Union's ruling "collective leadership," both of the Communist party and of the Soviet state. Therefore, any move he makes has a political significance.

Malenkov's trip and the visit to England next month of Soviet Premier Bulganin and Communist party boss Nikita S. Khrushchev appear to be part of a concerted Russian effort to win friends and influence people in Britain.

Malenkov was in a cheerful mood as he prepared to cross the Iron Curtain for the first time. He joked with the Soviet civil servants—probably from his ministry—who saw him off. The absence of top-ranking officials was accounted for by two facts:

1. Bulganin and other leaders were attending funeral services for former Polish President Boleslaw Bierut, which took place at the same time.

2. Malenkov is traveling as a power specialist and not as a member of the ruling Presidium.

Indifference Acts As Protective Device

CINCINNATI, Ohio (P) — It's not apathy which causes many people to shrug off the vital issues of the day, says Dr. Arthur C. Bills, head of the psychology department at the University of Cincinnati. "It's really adaptation, the protective reaction against over-stimulation."

That is why so many people continue to drive at reckless speed in the face of a mounting death toll; to ignore calls from the blood banks, and to give civil defense only passing thought, he says.

"When persons are constantly subjected to horror scenes or highly emotional situations they will become impervious—removing the objectionable scenes from their consciousness."

Prosperity has something to do with it, too.

"People become more selfish, more bent on pleasure at all costs," he says. "They lose the fellow-feeling as they lose the need for help from others."

If the ice on Greenland were melted, the level of the world's oceans would rise 24 or more feet.

ANNOUNCEMENT

CREMER, Florist, Inc.

HANOVER, PA.

Mrs. Grace Z. Cremer, wishing to retire from active business, has sold Cremer, Florist, Inc.

The new owners under the management of
MR. FRANK WILLHEIM

will continue to conduct the business in the name of Cremer, Florist, Inc. using the same capable personnel and all other employees whom you have known in the past.

I want to personally thank the folks of Hanover and the surrounding communities for their valued patronage in the past, and I feel assured that Cremer, Florist, Inc. will serve you equally well in the future.

MRS. GRACE Z. CREMER

but not as successful as yours in Gettysburg.

"Many thanks to you — to those who helped in any way, and to Joe Heiney, for enlisting your support, and transporting the cards for us.

"We certainly appreciate your past cooperation and will welcome your continuing assistance, as this project is a never ending one.

"To paraphrase the saying about the poor — 'the Blind are always with us' and the need for using playing cards increases rather than diminishes, and we can use all we can get.

"Thanks again — for a good job — well done!"

Hall's appeal for playing cards was relayed to us through Joseph S. Heiney, 24 Baltimore St., affiliated with the Esso Corporation, Philadelphia.

Samuel Bernard, of Woodside, L. I., New York, who is interested in sun dials, especially the one presented to President Eisenhower for his farm here, sent us the following:

The following is an urgent
appeal from the Red Cross.
Please read it and make your
donation this year as liberal as
you can.

"As you know the 1956 Red
Cross Drive is well underway.
We are making a special appeal
to the people of Adams County
this year because these troubled
times are making greater de-
mands on the Red Cross every-
where.

"The great flood disasters of
1955 on the East and West
Coasts gave the Red Cross the
biggest peacetime job it has had
in the 75 years of its history.
As a result, Red Cross resources
available for disaster relief are
depleted to the danger point. All
Chapters are being asked to
increase their 1956 fund goals.
These great disasters have
added \$2,799 to the \$14,000.00
goal of the Adams County
Chapter of the American Red
Cross.

"The scope of this year's dis-
aster operations is staggering.
In the eastern floods, Red Cross
gave emergency relief to tens
of thousands of homeless people
in six states. Following the
emergency, more than 16,000
families and small-business
owners turned to the Red Cross
for assistance in recovery.
Homes were repaired or re-
built, furnishings, and food
stocks provided, and small-business
owners were enabled to re-
open their establishments. The
injured and ill were helped back
to health.

While the volunteers and
workers on this tremendous
operation were just completing
their task, torrential rains on
the west coast flooded 34 coun-
ties in the Christmas season. Vol-
unteers and staff alike put aside
their holiday plans to help care
for the victims of this new dis-
aster. Whole communities were

75 YEARS on the job

WOMEN CONTROL PURSE
WACO, Tex. (AP) — A Fort Hood
soldier complained to officers that
\$500 had been taken from him while
he slept.

Investigation recovered \$100
from one woman, then began look-
ing for a second woman seen with
the soldier.

Several days later the GI sheep-
ishly reported the second woman
was his wife who had taken the
other \$400 for safekeeping and re-
turned to the couple's home in
Fort Worth.

PROFESSIONAL REGRETS

OKLAHOMA CITY (AP) — Dr. Ir-
ving P. Krick, Denver cloud-seeder,
sent his regrets and said he
couldn't be guest of honor of a little
theater group here. The Mayde
Mack Mummies opened in a play
called "The Rainmaker."

They sent Krick a special invi-
tation and offered him the umbrel-
la concession free.

CHEYENNE, Wyo. (AP) — One
bill, passed by the Wyoming legis-
lature, wasn't backed by the rub-
ber band interests.

The bill merely deleted the re-
quirement that slips bearing the
names of potential jurors in jury
boxes be rolled or folded by means
of a small rubber band.

isolated and, during the worst
of the emergency, Red Cross
and other organizations shel-
tered and fed the entire popula-
tions of many communities in
the devastated areas. The job
of assisting the west coast vic-
tims back to their feet is still
under way. Some 11,000 families
have turned to the Red Cross
for assistance.

Nearly six months of the fis-
cal year are still ahead, and
Red Cross faces calls for help
in the remaining months that
must be answered. From bitter
experience the organization
knows that serious tornadoes
and floods will come in the
spring. It will not be in a po-
sition to serve effectively unless
the 1956 campaign for members
and funds is an overwhelming
success.

Won't you give generously this
year? Disasters will strike us...
and no one knows where. The
Red Cross will be there.
Will you stand with us?

SAY DEMOCRATS HAVE 'MISERIES' ON BIG ISSUES

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — The Democratic party has the miseries. Democrats, facing their convention next summer, don't know now whether it will blow the party to bits in a fight over civil rights and segregation.

Their immediate problem is to keep the Democrats in Congress from exploding before the convention. The fuse has been lit by 101 Southern Democrats in Congress: 19 senators, 82 representatives.

They said—in an extraordinary "manifesto" declaring legal war on the Supreme Court's ruling against public school segregation—that: "We pledge ourselves to use all lawful means to bring about a reversal of this decision."

Third Party Talk, Too
Some who signed did so reluctantly. Some may have signed strictly for political reasons at home. And not all Southern congressmen signed. But it can be taken for granted plenty who signed were not bluffing.

That the Southerners may back the manifesto with some effort in Congress to block the court's ruling hangs like a threat over the whole party, which needs solid ranks if it hopes to win this year. Already there is talk of a third party.

If the Southerners in Congress

try to make good on their manifesto, they will be deliberately walking into a fight, perhaps a party-splitting fight, particularly from Northern and Western Democrats who call themselves liberals.

Middle Ground Difficult
But if the congressional Democrats reach convention without a blowup, the party then runs into a problem which is daily becoming more acute as some Southern states struggle to preserve segregation.

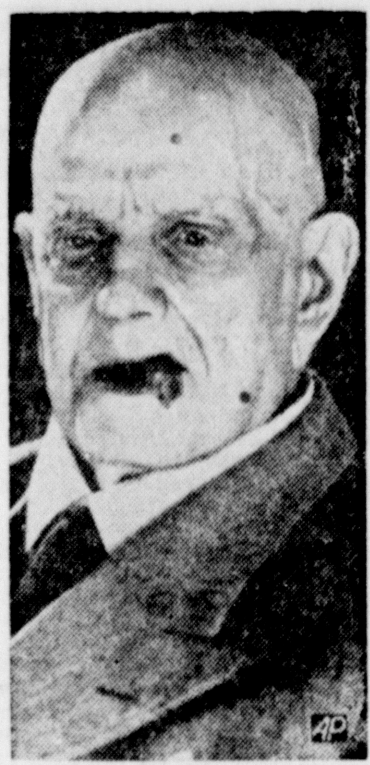

This is it: Civil rights and segregation have become such issues that the party can hardly avoid taking a stand on them in its platform and in the open convention. But how can the convention please both sides: Southerners and the "liberal" wing?

The uncertainty created by the Southerners spreads in other directions, too.

Johnson May Have Hopes
Sen. Lyndon Johnson of Texas, the Democrats' Senate leader, has been mentioned as a likely presidential candidate for a third party. He's a shrewd politician. If he has presidential ambitions, they probably do not lie with a third party. It couldn't win. It could only wreck the Democrats. Johnson says he doesn't expect any third party.

He may have hopes for the Democratic nomination if the convention deadlocks on other candidates. That would be just added reason for him to work his hardest to avoid explosions in Congress before the convention.

Keeping party peace in the Senate is his responsibility anyway. Doing it this year should be a supreme test of his Senate leadership.

MEDITATIVE—The famed Finnish composer Jean Sibelius poses in this rare and recent portrait from Helsinki. He celebrated his 90th birthday on December 8.

NEW TITLE FOR LADY JUDGE
CARTHAGE, N. C. — A juror arose in Moore County Superior Court and addressed the bench, "Your honor . . ."
Susie Sharp, North Carolina's only woman Superior Court judge, said later she had been called many things, but never that.
And Judge Susie, who is not averse to quaint expressions, added: "It sounded to me like he'd hit on a right good expression, and I couldn't fault him for that."

WIDE AWAKE TOES
OMAHA (AP) — Mrs. A. W. Havelka says her 3½ year old niece, Nancy, was staying with her and, while dressing herself, donned a pair of old slippers.
"Don't wear those. They're full of holes and your toes are sticking out," Mrs. Havelka told the child.
"Oh, that's all right. This way my toes can see where they are going," said Nancy.

NEWPORT NEWS, Va. (AP) — "We were friends; we did each other favors," a defendant told the Newport News Municipal Court.
This didn't seem to Judge Ben Jacobs to jibe with the complaint of a woman plaintiff who said she was socked in the jaw. The fine was \$28.75 with 10 days in jail.

ship. He did not sign the manifesto. Because of his job as Democratic leader, it is understood, he was not asked to sign. He'd ruin his presidential chances with the party if he did sign.

HIGHLIGHTS

- 7:30—(7-13) DISNEYLAND — "Stormy" the Thoroughbred drama of an awkward Kentucky colt who becomes a champion polo mount in California after being farmed out as a cow pony. But it is more than that for it is a rare documentary of the American turf world.
- 8:00—(2-8-9) GODFREY AND FRIENDS — Carmel Quinn, Janette Davis, Frank Parker and all the rest of the gang meet for an evening of fun and entertainment for you.
- (4-11) DIRECTOR'S PLAYHOUSE — "It's a Most Unusual Day" starring Fred MacMurray. Life of a song writer Jimmy McHugh.
- 8:30—(4-11) FATHER KNOWS BEST — "Family Reunion" starring Robert Young and Jane McHugh.
- (7-13) STAR PARADE — will present the first of three consecutive installments of the Academy Award winning motion picture, "Captains Courageous" with Walter Pidgeon as boat-narrator. The film will star Spencer Tracy, Freddie Bartholomew, Lionel Barrymore, Mickey Rooney and Mervyn Douglas. In addition preview scenes from "The Bold and the Beautiful" will be shown.
- 9:00—(4-8-11) PROJECT 20 — "The Twisted Cross" Adolph Hitler's rise and fall, recreated from captured German news film hitherto impounded. Through his story, the program seeks to dramatize the conviction that three Germany, and with it most of Europe, back into the Dark Ages. It portrays what makes a dictator, what makes a nation yield to one, and what happens to a nation that does yield.
- 9:30—(2-9) IVE GOT A SECRET — Garry Moore host and MC, and panelists Bill Cullen, Henry Morgan, Jayne Meadows and guest.
- 10:00—(2-9) TV HOUR — Ralph Bellamy stars in "The Candidate" As a Senator who has devoted his entire life to politics, Bellamy reaches the point where only one thing in life matters, to be nominated for President of the United States. A tense drama of political intrigue behind-the-scenes at a national convention.
- (4-8-11) THIS IS YOUR LIFE — (Color)—starring Ralph Edwards. A detailed story of the life of some individual selected by Mr. Edwards for his or her human interest.
- (7-13) BOXING — Johnny Saxton, former welterweight champion vs. Champion Carmen Basilio meet in a 15-round title match in Chicago.
